PATIENT NAME: _____

DOB: _____

Winke Orthopedic Pain Management Center

TO: **Patients receiving opioid category drugs (narcotics) for chronic pain management**
FROM: **Dr. Beth M. Winke**
SUBJECT: **Pain Agreement/Opioid Agreement**

When opioid category drugs are prescribed for long-term use as part of a program to control pain, improve quality of life and function, and minimize disability and impairment, the following expectations should be shared by both patient and provider:

1. Candid and accurate treatment history be made available, including past medical records, past pain treatment, and any alcohol, marijuana, or other drug addiction or dependence history.
2. The patient and family members, if available, should inform the prescriber of all medication side effects and concerns regarding use of prescription medications.
3. Any violation of the below issues may lead to dismissal of the patient from this medical practice.
   a) The patient should not use any other psychoactive agents, including alcohol, **MARIJUANA**, naturopathic products or over-the-counter drugs without agreement of the provider before use of these substances.
   b) The patient must follow the provider's instructions precisely, and will not increase or alter the recommended dosages of any prescription drug unless duly authorized by physician or staff, acting on the physician's specific recommendations. Prescriptions will not be refilled early for any reason.
   c) The patient understands that no prescriptions can be taken or sought from any other medical provider that have psychoactive effects, particularly sedative, hypnotic, antidepressant and most certainly opioid agents. If a medical emergency occurs and an alternative provider is involved, all medical information must be communicated as soon as possible, and any treatment be limited only until communication among and between providers is established. The patient agrees that the other medical providers involved in their care may be contacted to discuss the treatment plan.
   d) The patient should not hoard, share, or sell medication.
4. Regularly scheduled appointments must be kept, on a frequency advised and agreed upon by both doctor and patient. Cancellations or delays may interfere with the ability to continue regular prescriptions.
5. The patient understands that the use of these agents has potential complications including the expected developments of tolerance (reduced effect over time), dependency (the potential development of a withdrawal syndrome upon abrupt discontinuation of opioid drugs), and, in susceptible individuals, the possibility of "addiction" (wherein there is loss of control, compulsive use, and continued use, despite adverse social, physical, psychological, or spiritual consequences). Constipation can also be expected as a side effect common to all opioid medications.
6. The patient has been advised that random urine analysis and random pill counts will be done at any time. New patients, if you are unable to provide urine sample within 15 minutes of your scheduled appointment, you will be rescheduled. Established patients, if you are unable to provide a urine sample within 15 minutes of your appointment you will be reschedule.
7. To ensure a smooth operating clinic schedule, we ask guests and family members to remain seated in the waiting room. Any issues or questions can be discussed, with proper written consent of the patient.
8. Clinic policy dictates that arrival for a scheduled appointment 15 minutes late will require rescheduling. Each rescheduled appointment represents a missed appointment without a 24-hour cancellation notice. NO show fees are as follows $25.00 for follow-up visit and $100.00 for missed EMG test.
9. Messages/Nurse Calls will be answered within 48 hours of receiving your message, unless it's an urgent matter. ALL REFILLS will need 48 hours request. Once further instruction has been given from the providers, our office will notify you regarding your messages/refills.
10. Any use of illegal substances is an AUTOMATIC DISCHARGE.
11. Patients should be advised that narcotic medications may impair mental and/or ability required for the performance of potentially hazardous tasks (e.g., driving, operating heavy machinery).

808 Eden Way N, Suite 102, Chesapeake, VA 23320

154 Burnett's Way, Suite101, Suffolk VA 23434

Phone 757.216.4030 / Fax 757.216.4029

PATIENT NAME: _____

DOB: _____

Winke Orthopedic Pain Management Center

12. If you ever experience a medical emergency, CALL 911. If you have a non-emergent medical question or prescription refill, kindly call our office, or access the patient portal, and relay your question to the office staff. The question will be directed to the appropriate provider and the office staff will be instructed to return your phone call with an answer prior to the end of the business day. Some questions may require an appointment. If you are unwilling to leave a message, we will happily schedule an appointment for you. Refills on medication require two business days advance notice to process the refill request.
13. Abuse of our staff cannot and will not be tolerated. Physical and/or verbal threats, harassment, or excessive annoyance of our staff (including multiple phone calls, i.e. more than two (2) on the same day), regarding the same question or request, will, unfortunately, necessitate discharging the patient from our practice. If physical threats, verbal threats, or harassment occur, the proper authorities' will be notified and you will be fully prosecuted by the law.
14. I understand that an initial evaluation will be provided by a physician or a physician extender (mid-level provider); and that all follow up appointments will be provided by a physician extender (mid-level provider).
15. The patient also agrees to use only one pharmacy for his/her narcotic medications and will provide my office with the location and telephone number of that pharmacy. If there are problems with your pharmacy filling your medications, you are to notify this office as soon as possible with the filling pharmacy's name, location and telephone number. Your pharmacy or pharmacist may be contacted to review your medications and care plan.
    Pharmacy Name:_____

    Location:_____

    Telephone #:_____
16. It is the position of this office that notes made by a provider in the course of diagnosing and treating patients are primarily for the provider's use and are therefore the property of that provider. As medical specialists, we do provide ongoing copies of office notes to patients' primary care provider to enhance continuity of care. Our office will happily provide any medical facility a copy of our office notes promptly, and at no charge with proper written consent of the patient. If the patient requests a copy of their medical record personally, or for a non-medical designate, a medical release must be personally signed in our office and a $10.00 processing fee and $0.50 per page for the first 50 pages and 0.25 per page thereafter. The notes will then be ready for the patient to personally acquire in the office 72 hours after the request is initiated.
17. If a determination is made to dismiss the patient from the practice, attempts will be made to notify the patient by letter and/or phone call. It is advised the patient then contact their referring doctor or primary care provider for further direction. A list of other pain management practices and addictionologists in the area will be provided upon request.

This memorandum will be kept as part of the treatment file in order to assure that both patient and provider maintain the highest goals and standards for proper treatment of your pain problem.

The above policy has been reviewed with me. I understand and agree with the above.

CONSENT FOR TREATMENT AND BILLING

1. PERMISSION FOR TREATMENT: I hereby authorize Winke Orthopedic Pain Management Center, PLC. and its professional staff to treat me for conditions requiring their services. FAILURE TO SIGN THIS DOCUMENT AT THE BOTTOM OF PAGE MAY RESULT IN THE APPOINTMENT BEING RESCHEDULED AT THE DISCRETION OF THE PRACTICE.

2. RELEASE OF MEDICAL INFORMATION: I hereby authorize Winke Orthopedic Pain Management Center, PLC. to release financial, medical and such other information as may be requested by an insurer or other party who may be liable for any part of the charges for my care. I authorize Winke Orthopedic Pain Management Center, PLC. to contact my employer and insurance carrier to verify coverage by my insurance. My signature shall authorize Winke Orthopedic Pain Management Center, PLC. to obtain copies of medical records from previous treating physicians and/or any facilities where diagnostic testing may have been performed.

3. TREATMENT BY PROVIDER: I understand that initial evaluation will be provided by a Physician or a physician extender (mid-level provider); and that all follow up appointments will be provided by a physician extender (mid-level provider).

4. ASSIGNMENT OF BENEFITS: I authorize payment of benefits directly to Winke Orthopedic Pain Management, PLC. for all covered services to be applied against the bill. The undersigned or the patient is responsible for any and all charges not covered under the present insurance policy.

5. I also understand that Winke Orthopedic Pain Management Center, PLC. will consider a bill past due thirty (30) days from the date reflected on the invoice. All past due bills may be subject to a one and one half (1 1/2) percent surcharge per month. It is further agreed that the patient, spouse, or responsible party agrees to pay all costs of collection, including attorney's fees in the amount of 33 1/3% plus court costs and any interest allowable by law, if incurred.

I CERTIFY THAT THE INFORMATION I HAVE PROVIDED REGARDING INSURANCE COVERAGE IS CORRECT AND THAT THE ABOVE RELEASE AND REQUEST FOR ASSIGNMENT WILL BE HONORED.

PATIENT FINANCIAL POLICY

Winke Orthopedic Pain Management Center is dedicated to providing the best possible care for you. Please understand that payment for services is considered part of your treatment. We ask that you read, agree to and sign this policy prior to any treatment.

Co-pays and Balances

The patient is expected to present a **valid insurance card at each visit**. All co-payments and patient balances are due at the time of service unless arrangements have been made in advance. We accept cash, check and credit card **(Visa and Mastercard).**

Participating Insurance Plans

Your insurance policy is a contract between you and your insurance company. As a service to you, we will file your insurance claims. If your insurance company does not pay the practice within a reasonable period, we will look to you for payment. If we later receive a check from your insurer, we will refund any overpayment to you. We will bill your insurance company for all services provided by WOPMC. You are responsible for any balance due. Not all insurance plans cover all services. In the event your insurance plan determines a service to be "not covered," you will be responsible for the complete charge. Payment is due upon receipt of a statement from our office.

Insurance Changes

If you fail to notify us of any insurance changes, you are fully responsible for any amount not paid by your insurance.

Referrals

If your insurance has a designated primary care physician (PCP), you are required to have prior authorization from your PCP prior to your office visit in order to receive maximum benefits. If an authorization/referral is not provided at the time of service, you will be asked to either reschedule your appointment or pay for the visit at the time of service.

Self-pay Accounts

Payment is required at the time of service for all services. Self-pay accounts are:

- Patients without insurance information on file.
- Patients without an insurance card at the time of service.
- Patients who are covered by an insurance plan that the practice does not participate in.

I HAVE READ AND UNDERSTAND THE PRACTICE'S FINANCIAL POLICY AND I AGREE TO BE BOUND BY ITS TERMS.

PRESCRIPTION MEDICATION POLICY

If medications or refills are needed, you must call the office during regular business hours (Monday through Friday 8:00am-4:00pm) or you may send a request for refill through the patient portal. Please allow the treating provider 48 business hours to process your request. We appreciate your cooperation in this matter. We want to provide the best service available to our patients. We have to be accurate in relation to drug prescriptions.

Thank you for your patience and understanding.
